From the Research and Training Center for Children's Mental Health, Tampa, Florida...

This news brief alerts you to the following two reports:

Substance Abuse and Mental Health Services Administration, Office of Applied Studies.
(September 25, 2008). Mental Health Service Use among Youths Aged 12 to 17: 2005 and 2006.
Rockville, MD. Available at <http://oas.samhsa.gov/2k8/MHyouthTX/MHyouthTX.cfm>

Substance Abuse and Mental Health Services Administration, Office of Applied Studies.
(September 18, 2008). Out-of-Home Services for Emotional or Behavioral Problems among Youths
Aged 12 to 17: 2002 to 2006. Rockville, MD. Available at
<http://oas.samhsa.gov/2k8/youthServices/youthServices.cfm>

[From the SAMHSA Office of Applied Studies (OAS)] The reports are “based on SAMHSA's National Survey on Drug Use and Health (NSDUH) [which] is the primary source of information on the prevalence, patterns, and consequences of drug and alcohol use and abuse and for selected mental health measures in the general U.S. civilian non institutionalized population, age 12 and older.”

Data Trends are produced by the Research and Training Center for Children's Mental Health, Louis de la Parte Florida Mental Health Institute, University of South Florida, Tampa. Data Trends are funded by the Center for Mental Health Services, SAMHSA, U.S. Department of Health and Human Services. There are two Data Trends products: 1) Summaries (ISSN# 1537-0399), which detail recent, published articles on systems of care for children with emotional and behavioral disabilities and their families, and; 2) News briefs (ISSN# 1537-0402), which highlight related items or events of interest to the field.
