From the Research and Training Center for Children's Mental Health,
Tampa, Florida...

This News brief alerts you a report issued by The Commonwealth Fund in
October, 2002, "Reasons and strategies for strengthening childhood
development services." This report discusses the challenges to
integrating child development services in the health care system and
strategies for improving such services. It provides examples of
promising practices in primary care settings and at the community and
state government levels, and is available on-line, at
http://www.cmf.org/programs/child/vanlandeghem_nashp_003.pdf

Data Trends are produced by the Research and Training Center for
Children's Mental Health, Louis de la Parte Florida Mental Health
Institute, University of South Florida, Tampa. Data Trends are funded by
the Center for Mental Health Services, SAMHSA, U.S. Department of Health
and Human Services. There are two Data Trends products: 1) Summaries
(ISSN# 1537-0399), which detail recent, published articles on systems of
care for children with emotional and behavioral disabilities and their
families, and; 2) News briefs (ISSN# 1537-0402), which highlight related
items or events of interest to the field.
